Superintendent's Report: School Activities Update

Mrs. Tarasevich spoke on the following topics:

- Attendance is an initiative being worked on at the national level and the state level and is something that has been our focus for a few years. This year we have made a more concerted effort with teachers, principals, and Jill Sabatine. Keith Remillard has been working very closely with the principals on this and how we can coordinate our efforts and what interventions we can put in place to help kids who are chronically absent to get to school.

School Committee Meeting

October 11, 2016

Page 5 of 22

Central Office is working with principals to think about interventions specific to their level. One of the primary things we are focusing on right now is Mr. Monti collects attendance data for principals, and once we have that, it is easier to see how many kids, how many days they are absent, what days of the week, are they chronic—the can'ts, the won'ts, and the don'ts. We are trying to identify which kids and what the reasons are. Mrs. Tarasevich thanked everyone for their efforts.

- The Science NECAP scores are out—statewide the scores were consistently low and West Warwick is in line with the state—the bad news is that the state as a whole is low. Certain factors that play into it are that the NECAP science tests do not align with the science standards we are teaching. R.I.D.E. recognizes that, but they are required to give a test because they receive federal funding. We will continue in the district to do the work in curriculum and developing curriculum with new science standards. Mrs. Tarasevich said we will have a science presentation by Grade 2 students tonight in a little bit.
- Maybe people have been by Murray Square and seen the Police Memorial coming along. The ceremony will be on Sunday, October 16th, at 11 o'clock, this coming Sunday, and everyone is welcome. Mrs. Tarasevich said she wanted to thank the high school art department—the kids participated in a competition a couple of years ago.
- One of the governor's initiatives is for school buildings to increase the AP or dual enrollments in their school buildings or students going to secondary institutions. She said she wanted to thank Phil Solomon for getting these figures. Ninety students are in AP courses; 105 students filled out college credit paper work for EEP. We expect to have well over 300 this year; currently we have one student enrolled in Running Start at

CCRI – all the credit to the high school and the guidance department.

- Meet the Music Department will be October 25th at 6:30 P.M.; it is the big opening concert for the year, and hundreds of kids will perform.
- Next week will be digital citizenship week at the schools.
- Tuesday, November 1st, at 10 A.M., Nellie Gorbea, Secretary of State for Rhode Island, will be at the high school for the juniors' and seniors' mock voting event and talking about how important that civic duty is.
- MOYA, Month of the Young Adolescent will be held on October 28th at the Middle School. Every student at Deering Middle School is engaged in something—it is an unbelievable day, and it is just a snippet of what is going on at the school.

14. Financial Update

Financial Update

Mr. Spagna said we are about three months into the calendar year and one month into the school year, and we have only spent about 14% of the budget to date. There are no big issues that have come up; we are right on target with all we want to do.

Discussion/Approval: Fiscal Year 2016 Year End Budget Allocations

Mr. Spagna said in the packet, he supplied the School Committee with a summary sheet of budget adjustments for FY 16, to take the anticipated surpluses in 16 and allocate them to the line items with deficits. He said the School Committee has approved a lot of surplus funds, and he would like to smooth out the FY 16 budget and make it a little more readable for the auditors—just a little bit easier to manage. If we smooth it out, it makes the process go a little bit quicker.

Discussion/Approval: Fiscal Year 2017 Budget Adjustments

Mr. Spagna said on the report, #6, the very last item, we started doing FY 16 adjustments to the year at the year end, and it's a lengthy process. He said for FY 17, we would like to start allocating funds as we go forward if there are funds in other areas.

Mr. Spagna said right now he is comfortable allocating about \$530,000—he doesn't have the specific account numbers yet—it could be anything from curriculum, professional development, physical education supplies, medical supplies, a piano needs to be purchased for the middle school, walkie-talkies, reallocated from the FY 17 budget.

Mrs. Tarasevich said instead of doing it at the end of the year, we will do it as we go along.
